

Dancing is Bimpal's passion

Hello, my name is Bimpal Gurung and I am 15 years old. Last year I changed to the Old Capital School and I am studying in grade nine now.

The lovely environment of the school, the caring teachers, youth care workers at the hostel and my friends help me to bring out my potential. In the first term exam, I gained the 10th position out of more than 100 students and I achieved the second position in a dance competition.
