

Sony is a good speaker

Namaste, I am Sony of grade nine at the Old Capital School.

I joined this school in 2021.

I am happy to have such good support from the teachers and my friends who help me in my studies. I am now recognised as one of the loveliest and best students in my class.

I was very shy before, but now I can speak in front of 1500 people and made the second place in a speech contest.
